WHY ANUGRAHA DRISHTIDDAAN?

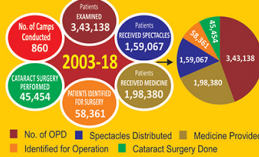

- Lack of awareness, quality of service, cost of treatment and inaccessibility to service delivery system.
- Elderly persons living in rural India suffer badly.
- Huge backlog of patients suffering from eye-diseases, especially cataract increasing year after year.
- Govt. Hospitals/Private eye surgeons not fully geared up to cope up with this grave challenge.
- Long distance from villages to cities where eye hospitals are located-a big constraint
- Many organizations working in this field are reluctant to reach out to remote rural and tribal areas.
- Finance major constraint for blindness since treatment is expensive in Private and Govt. hospitals not adequately equipped.

OUR MISSION

Our Mission is to provide quality service with care, concern, and compassion for preventive and curative treatment to patients suffering from eye ailments. Making efforts to sensitize and mobilize all concerned to participate and contribute to this noble cause of eliminating avoidable blindness with focus on poor, aged, women and needy.

WHY BLINDNESS REDUCTION PROGRAM?

- One out of every three blind people in the world lives in India
- There are 12 million people blind in India.
- 7.4 million i.e. 62% have cataract related blindness
- 19.7 million are blind due to refractive error.
- 3.6 million children are blind under the age of 16 Yrs.
- 80% of blindness is avoidable i.e. readily treatable and preventable.
- Incidence of blindness are significantly higher in rural area, where 75% population lives in 6.38 Lakh villages.

Eye is Jewel for Human Being

Light without Eye is impossible

Eyes are the gateway to the soul

■ No. of OPD ■ Spectacles Distributed ■ Medicine Provided
■ Identified for Operation ■ Cataract Surgery Done
